# TRANSFORMING EXHIBITION ENGAGEMENT WITH A CARD SCAN APP

Objective: Streamline visitor data collection, improve lead management, and enhance communication for better brand engagement

## CHALLENGES

Like most exhibitors, their biggest challenge was

- efficiently capturing visitor information, ensuring
- No leads were lost, and maintaining swift and,
- Personalized follow-ups.

With hundreds of business cards exchanged and limited time, manual data entry and follow-ups posed significant operational hurdles.

## SOLUTION

To address these challenges, Sandlus Info Solutions came up with the Card Scan App, a cutting-edge tool that digitizes contact information, organizes it, and facilitates instant communication. The result? A game-changing approach to lead management and brand building

"For over 15 years, we've been developing new technology for enterprises of all sizes.

Our mission is to provide companies with cutting-edge products that enable employees to work better and smarter. "

## OVERVIEW

Custom Wraps India Pvt. Ltd. (3M India Authorized Distributor) recently participated in a high-traffic telecom industry exhibition Indian Mobile Congress 2024 (IMWC 2024) at Pragati Maidan, New Delhi held on 15th – 18th October 2024.

## IMPLEMENTATION

### 1. Card Scanning & Database Creation:

- The team at CWIPL used the Card Scan App to instantly scan and digitize visitors' business cards.
- The app automatically created an organized online database by filling the Name, Mobile Number and Email Address, and allowing user to categorizing visitors based on key parameters such as industry, location, and product interest.
- The secure cloud-based database ensured easy access for the team anytime, anywhere.

### 2. Instant Communication via WhatsApp:

- Immediately after capturing the data, visitors received a personalized WhatsApp message.
- The message included:
  - A thank-you note for visiting the stall.
  - A direct link to CWIPL Landing Page for further exploration. And Brochures to download.
  - Contact details for future inquiries.

### 3. Follow-up Emails with Catalog:

- The Card Scan App also triggered an automated email to each visitor.
- The email included:
  - CWIPL's digital catalog tailored to the visitor's interests.
  - A professional introduction and contact details for quick responses

### 3. Backend Area:

- All the Leads Database is visible to a Office Backend Support team as well, so that they can make the followups in fast manner..

## WHSTAAPP INTEGRATION

This App is Integrated with WhatsApp Messages and Emails as well. Also sends normal Text SMS too.

## BENEFITS

### 1. Comprehensive Visitor Database:

- Over 1,000 visitor contacts were digitized without any data loss.
- The database served as a long-term asset for future marketing campaigns and networking

### 2. Streamlined Communication:

- Personalized WhatsApp messages ensured immediate engagement with prospects.
- Follow-up emails added a professional touch, reinforcing CWIPL's brand image

### 3. Improved Lead Conversion:

- Instant communication ensured visitors remembered CWIPL amidst the crowded exhibition
- The ease of accessing product catalogs led to a 35% increase in post-exhibition inquiries.

### 4. Enhanced Brand Image:

- Proactive and organized communication portrayed CWIPL as a tech-savvy, professional brand.
- Visitors appreciated the quick, personalized responses, fostering trust and goodwill

### 5. Cost and Time Efficiency:

- The app eliminated manual data entry and reduced the time spent on lead follow-ups.
- The automated processes allowed the team to focus on more strategic tasks, such as relationship building and closing deals.

## CONCLUSION

By leveraging the Card Scan App, Custom Wraps India Pvt. Ltd. transformed their exhibition engagement strategy. The app not only helped them create a robust, organized database of their stall visitors but also facilitated instant, personalized communication.
